

Fire Safety Checklist

Is Your Home Safe?

Smoke Detectors

- **Place smoke detectors near bedrooms, and on every floor.**
- **Test the batteries weekly**
- **Don't place them near air vents**

Electric Space Heaters

- **Don't use an extension cord on space heaters.**
- **Unplug heaters when you are not using them.**
- **Keep heaters a safe distance from furniture and curtains.**
- **Do not dry your clothes, gloves, or other items on the heater.**

Electrical Wiring

- **Replace worn cords.**
- **Don't run cords under rugs.**
- **Don't overload outlets.**

Home Fire Escape Plan

- **Make sure your family has an escape plan.**
- **Practice the escape plan every six months.**
- **Never go back into a burning building.**
- **Know when to call 911.**
